The international relaunch of the Eco Targa Florio is being organised by MAC Group. The history and tradition that make up the heritage of this brand, which has strong ties to Sicily, will come under the spotlight again from the 29th to the 2nd of October 2011.

The project, originally conceived by the Fondazione Targa Florio, with the support and patronage of the Automobile Club Palermo, will pay tribute to the famous automobile race that began in 1906, that is still going today after 95 races: first they were speed races and now they take the form of rallies and regularity trials.

This is an event that gets its inspiration from the past, while looking to the future.

Three regularity trials, for classic and modern cars, will unite the event's history and tradition with the promotion of the Sicilian territory and the communication of new values and sustainable mobility: Eco Targa Florio Classic, Eco Targa Florio Green Prix, Ferrari Tribute to the Targa Florio.

The event will last 3 days, and with a unique itinerary, starting from the historic Tribuna di Cerda, will pass through some of the most beautiful areas of Sicily: Enna and the Circuito di Fergusa, Piazza Armerina and its mosaics, Ragusa Ibla, Modica and Noto, Siracusa and its archaeological park, Catania, Taormina, the Etna and Nebrodi National Parks, Cefalù and Collesano. The event will, of course, pass through Palermo, where the cars will be presented to crowds of people on the 2nd of October.

Entry applications are now open and will be closing on the 29th of August 2011.

You can find all the information relative to the event, which cars are eligible, the draft programme and the route on the websites:
